Report of Adjutant-General.

ADJUTANT-GENERAL'S OFFICE,
TALLAHASSEE, FLA., January 1, 1899. }

To His Excellency, W. D. BLOXHAM,

Governor and Commander in Chief:

SIR--I have the honor to transmit the report of this Department for the two years ending December 31, 1898.

INTRODUCTION.

By virtue of your appointment as announced in General Order No. 5, dated February 15, 1897, I continued to discharge the duties of Adjutant-General. During the past two years, the composition of the Florida State Troops has continued to consist of 20 Companies of Infantry, and two Batteries of Light Artillery, the complement allowed by law. The only change in their personnel is the organization of the Governor's Guards of Tallahassee, in place of the Gate City Rifles of Orlando, disbanded by General Order No. 6, March 4, 1897, to-wit:

ADJUTANT-GENERAL'S OFFICE, }
STATE OF FLORIDA. }
TALLAHASSEE, FEBRUARY 20, 1897. }

General Orders No. 4.

I. Company "D," 2d Battalion, Florida State Troops, the "Gate City Guards" of Sanford, having been reduced below the minimum number of members prescribed by law, and it appearing impossible to recruit the company to make it efficient for service, is hereby disbanded by virtue of authority granted in Article 3, Chapter 1, Section 561, Revised Statutes of Florida.

II. Captain Charles D. Leffler, Company "D," 2d Battalion, will take possession of and secure all public property pertaining to said company, such as arms, ammunition, equipments, uniforms and tentage, and will hold them subject to further orders from this office. Captain Leffler will at once make out and transmit to this office a duplicate list of all such property.

By order of the Governor and Commander in Chief;

[SEAL]

PATRICK HOUSTOUN,
Adjutant-General.

N.H. State Libr. 8-24-93

The acceptance of the Governor's Guards necessitated some changes in the composition of the 2d, 3d and 4th Battalions, and were announced in the following order:

ADJUTANT-GENERAL'S OFFICE, }
STATE OF FLORIDA, }
TALLAHASSEE, March 4th, 1897. }

General Orders No. 6.

I. The following Company having been organized, and accepted by the Governor, has been mustered into the service of the Florida State Troops, viz: The Governor's Guards—headquarters at Tallahassee.

II. In consequence of the disbandment of the Gate City Rifles, Company "D" of the 2d Battalion, and the organization of the Governor's Guards, it has been found necessary for the good of the service to make the following changes in the organization of the 2d, 4th and 5th Battalions.

The Gem City Guards, Company "C," are hereby transferred from the 4th Battalion to the 2d Battalion as Company "D."

The Halifax Rifles, Company "D," are hereby transferred from the 4th Battalion to the 5th Battalion as Company "D."

The Governor's Guards are hereby assigned to the 4th Battalion as Company "C."

By command of the Governor and Commander in Chief.

PATRICK HOUSTOUN,

Adjutant-General.

These changes were made in order to get the companies of the several Battalions as near each other as possible. The changes in the company officers have been proportionately the same as during preceding years, and the total enlisted strength has somewhat increased. The interest evinced by all the companies has been worthy of note, and their improvement in military knowledge and bearing very perceptible. The publication and issuance of the Laws and Regulations governing the State Troops has proved of great usefulness, as they contain information that may be needed on all subjects connected with the duties of officers and members of the different companies.

SERVICES OF THE STATE TROOPS.

During the past two years the only occasion on which the services of any of the Troops were called for happened at

Apalachicola, on the 27th day of September, 1897, and, as usual, by their prompt response to orders, the danger of bloodshed was averted.

NAVAL MILITIA.

In accordance with the provisions of an Act of the last Legislature, a Battalion of Naval Militia was organized consisting of four Divisions and stationed as follows: 1st Division at Tampa, 2d Division at Port Tampa, 3d Division at Jacksonville, and 4th at Pensacola, with headquarters of the Battalion at Port Tampa. These Divisions are composed of men qualified by education and experience for the different duties of a naval company, which was exemplified by the 3d Division from Jacksonville, whose commanding officer, Lieutenant A. R. Merritt, in response to orders from the Commander in Chief, in three days detailed a crew of 34 men and had them ready to man the United States ship Wasp and bring her from the Norfolk Navy Yard to Jacksonville. These four Divisions have each been armed with the Lee magazine rifle and ball cartridges. A rapid fire gun, a 31 ft. cutter, complete with oars and sails, cutlasses, etc.

The acting Naval Secretary was sent on to Washington to secure from the navy department whatever was possible in the way of arms and equipments. The following report will show how successful he was:

REPORT OF ACTING NAVAL SECRETARY IN PROCURING EQUIPMENTS FOR NAVAL MILITIA.

TO THE ADJUTANT-GENERAL, State of Florida,

Tallahassee:

SIR—Pursuant to N. M. S. O. No. 8, I have the honor to report that immediately on receipt of said order, I proceeded to Washington, and after presenting my letters of introduction to the Secretary of the Navy, and Assistant Secretary of the Navy, I was able to secure arms and equipments for the Naval Militia of Florida, as tabulated below. Practically all of arms and equipment so secured were personally sought out and inspected by myself at the different navy yards and departments, namely, Washington, League Island and New York.

Requisitions for articles so inspected, accompany this report, for the approval and signature of the Governor and Commander in Chief.

Relative to a training ship for the use of the Florida Naval Militia, my arrival in Washington was about ten days too late to secure the "Alarm" as that vessel had been practically broken up in that period. I was informed by Assistant Secretary Roosevelt that no other vessel at this time was available, and that there were applications for ships from three other States that had precedence of Florida. After consultation, however, Mr. Roosevelt agreed that the next available ship would either be assigned to Louisiana or Florida; thus giving Florida an even chance for the head of the list. I informally asked that the U. S. S. "Essex" be assigned to Florida as soon as that vessel became available for that service. The following list shows what can be requisitioned for—

SMALL ARMS AND EQUIPMENT.

Two hundred and forty (240) Lee Magazine Rifles, caliber 45, complete.

Two hundred and forty (240) Lee Magazine Rifles, Bayonets.

Two hundred and forty (240) Lee Magazine Rifles, Bayonet Scabbards.

Two hundred and forty (240) Canteens and straps complete.

Two hundred and forty (240) Haversacks and straps complete.

Two hundred and forty (240) Woven Web cartridge belts, caliber 45.

MACHINE GUNS AND ARTILLERY.

One (1) short Gatling gun (caliber 45,) model 1884, with field carriage and feed drums complete.

One (1) 37 Hotchkiss revolving cannon with cage, stand and field carriage and caisson boxes complete.

One (1) light 1st grade Hotchkiss rapid fire gun, with cage, stand and field carriage and caisson boxes complete.

One (1) 3 B. L. Rifle Howitzer with field carriage complete.

SIDE ARMS AND AMMUNITION.

Eighty (80) Cutlasses.

Eighty (80) Cutlass Scabbards.

Eighty (80) Cutlass waist belts and frogs (leather).

Four hundred and eighty (480) rounds cannon shell for short 1st grade Hotchkiss Rifle Field Gun.

STEAM CUTTERS.

One (1) Steam Cutter No. 185, at Brooklyn (or N. Y.) navy yard.

One (1) Steam Cutter or Whaleboat similar to No. 185.

Note A—Relative to Steam Cutters, it was not quite clear that they would be forthcoming at once, but the requisition for them would be honored as soon after receipt as possible.

Note B—We can expect to receive the Lee Rifles and Equipments during the month of January, 1898.

Note C—All of the foregoing was obtained (or will be obtained) under the tenure of "loan;" nothing enumerated will be charged against the next annual appropriation for the Naval Militia, except the cost of freightage on the same.

Note D—The foregoing is exclusive of the two pulling cutters and two 1st grade Hotchkiss Rifle Field Guns, heretofore assigned to the use of the State.

I respectfully report that I was engaged on this duty continuously from November 24th, 1897. Summary of expense attached. I have the honor to be,

Very respectfully your obedient servant,

WINFIELD S. PROSKEY,

Colonel and Chief Ordnance Officer,

Acting Naval Secretary.

Tallahassee, Fla., December 13th, 1897.

Upon the application of your Excellency, this splendidly equipped steamship Wasp has been loaned to the State for the purpose of giving the Naval Militia opportunity of instruction and practice in all the arts of naval warfare and maneuvers. In order that full benefit shall be derived from the possession of this steamship it will be necessary that some fund be set apart for the necessary expenses of keeping this vessel in repair, of navigating her to the different stations of the Divisions, and for the pay and subsistence of these Divisions when ordered on their annual cruises. The United States Government has been very liberal in loaning the large and varied amount of equipments to the Naval Militia, evidencing the interest taken in our State on account of the length of its seacoast, and important geographical position.

ADJUTANT-GENERAL'S OFFICE,
STATE OF FLORIDA,
TALLAHASSEE, JANUARY 1, 1898. }

To His Excellency, W. D. BLOXHAM,

Governor of Florida:

SIR—In compliance with the requirements of Section 7, Chapter 4042, Revised Statutes of Florida, I have the honor to submit the following report upon the encampment of the Florida State Troops, which was held near Tallahassee, Florida, from May 18 to 25, inclusive, 1897.

REPORT.

1. *Orders.*

The order calling the troops into annual camp of instruction was issued on April 20, 1897, pursuant to the orders of your Excellency, and designated Camp Henderson, on Leon Heights, near Tallahassee as the camp grounds; the order in brief required companies to be in camp not later than 5 p. m. Tuesday, May 18; the captains would be held strictly responsible for the conduct of their men; the companies must report with not less than the minimum number of members prescribed by law; that captains would be required to submit their muster rolls, inspection reports and company books and records.

The orders also prohibited the sale of beer and liquors on the camp grounds or in close proximity thereto. On May 8, 1897, orders were issued requiring the General and Personal Staff to be present; and on May 10, an order given routes of travel for each company, battery and battalion. On May 18, orders assigning Captain Thomas M. Woodruff and Captain Hunter Liggett, 5th U. S. Infantry to duty in camp as inspectors and instructors, were issued. Captain Liggett was a special assignment by the War Department for the purpose. Major W. F. Williams, 3rd Battalion, Florida State Troops, was assigned to the command of the camp, and Colonel Henry Bacon, Surgeon General, was assigned to duty as Post Surgeon.

2. *Camp.*

Inobedience to the above orders advance detachments from various companies arrived on May 16 and 17, for the purpose of erecting tents, and arranging the company messes; and by afternoon of the 18th all the companies and batteries were on the ground. The camp was laid out as for a brigade, composed of five battalions of infantry and two

batteries; the tents for the guard, hospitable and your own headquarters were suitably placed. Unlike former encampments the mess houses and kitchens were made more substantially, and assumed something of the nature of permanent structures. A grand stand for visitors, and a ladies' lavatory were also erected. All of these structures were at the expense of the Young Men's Business League of Tallahassee. Water was supplied by means of a main laid from the city water system, and was sufficient in quantity and of excellent quality.

The grounds were put in proper condition for the reception of the troops by the citizens of the city, and were kept in an excellent state of police during the camp. The officer of the day and the surgeon of the day made daily inspections of the police and the sanitary conditions.

Upon May 24, I made a thorough and close inspection of the entire camp, the troops being at quarters in their company streets. I was accompanied by Captain Woodruff, and by the general staff officers. This inspection developed the fact that the troops were well cared for by their officers, and the food was abundant and of the best quality.

For the purpose of more minute inspection of arms and equipments the following assignments were made, viz:

For the Third Battalion—Captain H. P. Baya, A. D. C.

For the Fourth Battalion—Captain Thomas M. Woodruff, U. S. A.

For the First Battalion—Colonel J. B. Anderson, Inspector General.

For the Second Battalion—Captain H. Liggett, U. S. A.

For the Fifth Battalion—Captain W. S. Proskey, Chief Ordnance Officer.

These inspections developed that the arms were generally in good condition, the care bestowed upon them being an improvement over previous years; the equipments, uniforms, and camp equipage were generally in excellent condition, thus necessitating only a small number of each to replace those damaged by fire, wear and tear of service. Requisition will be made in due time for them.

3. *Drills.*

I personally attended and witnessed a number of the drills and ceremonies, and the general precision in all showed a gradual and marked improvement over previous camps. This was particularly the case at the evening parades, where the troops appeared to their best advantage, and on the occasion of

the review in honor of your Excellency. The good carriage, swinging step, and clean and bright uniforms produced a handsome effect.

Accompanied by the general staff I also reviewed the troops, and watched more closely their appearance and movements. Not the least of the brilliant features of the encampment were the "field exercises" on May 24, witnessed by yourself and thousands of spectators. It was an example of a direct frontal attack of a force attacking a numerically weaker one, occupying a strong defensive position; and showed to great advantage the formation and deployments necessary under the modern conditions of long-range firing of both the infantry rifle and artillery.

4. *Strength.*

Each organization came into camp with its proper complement of officers and men. The total force was twenty companies of infantry, two batteries and four bands, numbering altogether 82 officers and 934 men, not including the staff, of whom all were present except one.

I enclose as a portion of this report the vouchers for the expenditure of funds on account of the encampment.

The number of arms and equipments has remained substantially the same as in my biennial report, December 31, 1896.

The following tentage was purchased just prior to the encampment, viz: 3 hospital tents and flies, 80 wall tents.

Captain (now Major) Thomas M. Woodruff and Lieut. (now Major) H. L. Liggett, of the United States army, were detailed to act as instructor and inspector during this encampment, and their services were very valuable and highly appreciated. From their report on the encampment, I have inserted the following extracts as likely to be interesting and instructive.

DRILLS AND CEREMONIES—(a) *Number and nature of.* (b) *Proficiency in.* (c) *Field exercises.*

- (a) At home stations the rule is to have one drill a week, usually confined to the manual of arms and the simpler company movements. Most companies have a competitive drill once a month for a company medal, to be worn by the winner during the ensuing month. Battalion drills and ceremonies were had several times during the year at Pensacola and Jacksonville by Majors Williams and Turner, respectively, who also inspected and mustered their battalions. Majors Webster and Lovell each inspected the companies of their battalions at home stations.

Just previous to the encampment almost all of the companies held drill three times a week, and several companies went into barracks or camp a week at a time, observing routine duties except during the business hours, when, of course, the men attended their usual avocations. About half of the companies performed this duty. Company D, First Battalion, during its week in camp, had instruction in guard mounting, guard duty, drill twice daily, two practice marches, and outpost duty.

In camp—The two batteries had each two drills daily, comprising movements on foot, manual of the piece, and the mechanism and service of the Gatling gun. At evening parade the two batteries furnished a chain of sentinels, which kept the ground clear, preserved good order, and performed other similar duties, all with good judgment and in a soldierly manner. In the review for the Governor on May 21, the batteries were united and commanded by Captain Gumbinger. Horses were hired to haul the pieces. The men marched beside them. The batteries presented an excellent appearance, and called forth applause and words of commendation from the crowds along the line of march. Each battalion (except the Fourth, which had seven) had nine battalions drills, four of which were mostly in the extended order. All showed marked improvement over last year. The close-order movements were executed with precision, and the extended-order drills with dash and energy. Usually before and after parade, companies and some of the battalions, gave voluntary drills, which called forth applause from the crowds and demonstrated the interest taken in the troops. Under orders of the camp surgeon, litter-bearer drill and instruction in first aid were given by the surgeon of the day. Upon several occasions the hospital corps detachment was called out to take care of men who had been overcome by the heat at drill or parade. Upon the review for the Governor an ambulance with the hospital detachment followed the column. The ceremonies occupied, as usual, a very important place in camp duties. Battalion parade was held every morning at 8 o'clock, the battalion for the purpose being detailed the previous day. Guard mounting was held at 9 o'clock, the details being made from all the infantry companies for a general camp guard. Evening parade was held as for a regiment of infantry of five battalions in line of masses. The ceremony concluded with a review, the ma-

jors returning to their battalions for the purpose. At these ceremonies the troops appeared at their best. All movements were well executed, and the marching was with a free, springing step. Eight such evening parades were held. Inspection of quarters of the entire camp was made by General Houstoun, Adjutant-General, and Captain Woodruff, accompanied by the entire staff. For the more minute inspection of each battalion under arms the following assignments were made, viz: Col. J. B. Anderson, for the First Battalion; Colonel Proskey, for the Fifth Battalion; Capt. H. Baya, for the Third Battalion; Capt. Thomas Woodruff, for the Fourth Battalion; First Lieut. H. Liggett, for the Second Battalion. The reports of the results of these inspections were made direct to Adjutant-General of the Staté. A minute inspection of all the tentage was made by Col. Frank Philips, quartermaster-general, assisted by Col. R. Cay.

This is the first time in any encampment that each and every member of the staff performed some specific duty for which he had been previously detailed, and the duties were not only intelligently and well done, but have resulted in much good to both the troops and to the staff. Both learned that the staff was not simply an ornament. The review of the entire force by the Governor occurred in Tallahassee on May 22. The Governor rode in a carriage at the head of the column, accompanied by the staff, mounted, through the principal streets, after which he occupied a stand at the eastern entrance to the capitol grounds and, attended by the cabinet officers and members of the Legislature, witnessed the marching past. The troops presented a handsome appearance and called forth rounds of applause. The proficiency in battalions was as follows: Second and Third, excellent; Fourth and Fifth, very good; First, good. All the companies have obtained a considerable degree of excellence, but Company C, Fourth Battalion, organized in Tallahassee only in February, was deserving of the greatest praise for proficiency and progress. "Proficiency in battalion drill, fair in close order; fair in extended order; in ceremonies, excellent. Guard mounting very well done."—(Lieut. H. Liggett).

PERSONNEL AND DISCIPLINE—The personnel of the State troops, both officers and men, is excellent. It includes all professions, trades and occupations. The young men have generally the highest social standing in their own

communities. Officers and men are alike zealous, very intelligent, and enthusiastic. The discipline in camp was excellent. On the first day there was some disturbance in town, and a provost guard was sent in at the time, and every evening thereafter, to prevent disorder and to arrest and take back to camp soldiers who were absent from camp without proper authority. This duty was always well performed, but particularly by detachments sent from the Third and Second Battalions..

The afternoon of May 24 was devoted to field exercises. A position was selected about one mile southeast of the camp, upon which the Fourth and First Battalions and Battery F, First Battalion, Maj. I. E. Webster, commanding, were placed in a defensive attitude. This force occupied a crest about 600 yards in length, partially screened in front of the right flank by a grove of timber. About 900 yards to the north of this crest was another parallel to it and of about the same elevation. Between the two and nearer the southern crest ran a small stream, skirted with trees and underbrush, which growth varied in width from 20 to 70 yards. The slope to the southern crest from this stream was at first quite abrupt, and then more gradual, forming an excellent natural glacis. The slope from the northern crest was gradual and with small scattered trees. North of this crest the ground fell away rapidly and was covered with groves of trees that completely screened the attacking force, which consisted of the Third, Second and Fifth Battalions, and Battery F, Third Battalion, all under the command of Maj. W. F. Williams. These three battalions were formed in rear of the crest "in line of companies in columns of fours;" the Third and Second with an interval of about 200 yards, being near the crest, and the fifth about 100 yards in rear of this interval, all perfectly masked from the view of the defensive force.

Each battery consisted of one 12-pounder howitzer and one 45-caliber Gatling. The battery with the attacking force moved to its position on the left or eastern end of the crest and fired two shots. The Second and Third Battalions each immediately sent forward two companies to the crest which opened fire (delivering each three company volleys), and then formed line of squads while advancing some 40 yards, which being done, the two remaining companies of each battalion advanced to the crest opposite its own interval, delivered the same kind of fire, and took

the same formation on the first line. The line of squads advanced about 100 yards, making two halts and delivering volleys by squads, then deployed as skirmishers and advanced to the line of timber fringing the creek. The fire by squads was delivered at halts made about every 40 yards. During the advance of this force the defense kept up an incessant fire, delivering company volleys. The two batteries kept the 12-pounders firing, and occasionally delivered showers from the Gatlings.

As the first line was about entering the timber the Fifth Battalion, with which Lieut. H. Liggett had remained, formed line, advanced to the crest, and delivered several well-executed volleys by battalion. It was then formed into line of squads with reduced intervals, advanced at a run 40 or 50 yards, delivered several volleys by companies, then formed line of skirmishers almost shoulder to shoulder, advanced down the slope, at a run, halting about every 40 yards and delivering company volleys, and then made a rush for the only cleared opening across the creek. In the meantime Capt. Woodruff, with the Third and Second Battalions, had crossed the creek and formed line of skirmishers with an interval of about 150 yards for the Fifth Battalion, and while this was crossing the creek and re-forming the two battalions were advanced so as just to see the defensive force, and company volleys were delivered until the Fifth Battalion came up and completed one general line of skirmishers at a distance of about 300 yards from the defense. The whole force was then advanced by rushes, firing two volleys at each halt up to a barbed wire fence about 100 yards from the crest, where the whole line was halted and rapid fire began. When the whole exercise was thus about ending the Fifth Battalion, under the great excitement incident to the rapid movements and the firing, rushed forward and sought to take the battery, but fortunately a general melee was prevented and order and quiet soon restored.

The entire exercise lasted about three hours and was witnessed by several thousand people, among whom were the Governor and State officials. The Governor's staff, mounted, accompanied the attacking force.—(Captain Woodruff.)

REPORT OF THE COMMANDER OF CAMP HENDERSON IN 1897.

GENERAL PATRICK HOUSTOUN, Adjutant-General,

Tallahassee :

SIR—Pursuant to General Order No. 18, the five Battalions of the Florida State Troops assembled at Camp Henderson, near Tallahassee, on May 18, 1897, the site being the same used in 1895, and for location and general natural advantages, is the best ever occupied by the State Troops. •

The Camp was regularly organized at retreat and orders governing it were published, officers and men reporting for duty. Battalion and extended order drills were the principal features of instruction, the men being exercised in company drills at their respective stations, but little attention was devoted to these.

At my request, Lieut. Hunter Liggett, 5th U. S. Infantry, took charge of all matters pertaining to guard mounting, duties of sentinels, etc., etc. Under his careful instruction there was marked improvement in this most important feature of a soldier's duty. Lieut. Liggett was tireless and uncomplaining; on the go night and day, cheerfully responding to all calls for information, in many instances, no doubt, at much personal inconvenience.

In the absence of a proper range, target practice was necessarily omitted.

On Thursday, May 23, the entire command was marched to the city and reviewed by the Governor and members of the Legislature. Friday, May 24, had been set apart for field exercises. Under the supervision of Capt. Thos. M. Woodruff and Lieut. Hunter Liggett, the command was divided, representing opposing forces. The First and Fourth Battalions, with the Wilson Battery, occupying one of the high hills near the camp. The Second, Third and Fifth Battalions, with the Pensacola Light Artillery, constituted the attacking party. In order that no accident might result, the plan of battle had been so arranged that the attack should end at a given point. The officers and men deserve the highest praise for efficiency and alacrity in giving and obeying orders.

On Sunday the Battalions were separately inspected, each command being in heavy marching orders. The report of this inspection was filed with you and speaks for itself.

The citizens of Tallahassee had provided mess halls and kitchens for the use of each company. These were commodi-

ous and well arranged, saving much expense to the companies, and were appreciated. Each company furnished its own stove, cooking utensils, dishes, etc., necessary for the accommodation for about forty men. Colored cooks were employed, and the tables were supplied with an abundance of wholesome food at a cost (as far as I could learn) not exceeding the amount allowed by the State as "Commutation for Rations."

The camp was closed on the ninth day, and each officer and man left Camp Henderson fully impressed with the importance of the annual "Camp of Instruction." It had been a tour of duty combining a great deal of practical knowledge, and many hours of pleasure to all. I desire to return my thanks to Captain Woodruff and Lieutenant Liggett for their uniform courtesy and unceasing efforts to relieve me of any unpleasantness resultant from inexperience.

Very respectfully, your obedient servant,

W. F. WILLIAMS,

Major 3d Battalion Commanding Camp.

REPORT FOR THE YEAR 1898.

The war with Spain will cause the year 1898 to be always memorable in the history of the Florida State troops, as twelve companies were mustered into the Volunteer Army of the United States, hoping and expecting to be sent over to Cuba to meet the foe and fight in their country's cause. The cruelty of the Spaniards in carrying on the war against the Cubans had become so great that Congress, on April 19th, passed resolutions of intervention, which were approved on the 22d, and on the 23d the President issued his proclamation calling for 125,000 volunteers to serve in the army of the United States. As the war clouds began to grow darker, your Excellency, believing that the State would be called on for troops, issued an order on the 4th of April, "directing Company Commanders to use all diligence in recruiting their companies to the complement authorized by law."

Your order was enthusiastically obeyed by all commanders, and before the President's call for troops was received every company had offered its services for the war.

On the 25th of April, at 5 o'clock P. M., the following telegram was received:

No. 32.

Received at 5 P. M.

WASHINGTON, D. C., April 4, 1898.

The Governor of Florida, Tallahassee, Fla.:

The number of troops from your State, under the call of the President, dated April 23d, 1898, will be one regiment of infantry. It is the wish of the President that the regiments of the National Guard or State Militia shall be used as far as the numbers will permit, for the reason that they are armed, equipped and drilled. Please wire as early as possible what equipments, ammunition, arms, blankets, tents, etc., you have, and what additional you will require. Please also state when troops will be ready for muster into U. S. service. Details to follow by mail.

R. A. ALGER,
Secretary of War.

As all the companies had volunteered their services, and as only twelve of these companies could be accepted, it was your Excellency's opinion that the fairest way to designate the accepted companies was in the order in which their services were tendered, provided they could report their companies recruited to the number required by orders from the Adjutant-General of the Army, viz., an aggregate of eighty, by a certain time. It was found to be impossible for any twelve companies to recruit their number to the number required at their home stations, so your Excellency very wisely concluded to order the whole twenty companies of infantry to proceed to Tampa. Before any company could leave for the rendezvous, its commander was ordered to have the men physically examined by a competent surgeon. This was a very wise provision, inasmuch as the percentage of men rejected by the military surgeons in their physical examination of volunteers in this State's regiment was by far lower than that of regiments from other States.

The following order was issued for the mobilization of the troops:

ADJUTANT-GENERAL'S OFFICE. }
STATE OF FLORIDA, }
TALLAHASSEE, MAY 10, 1898. }

General Orders No. 18.

I. The companies and battalions composing the Florida State Troops, with the exception of Company "F," First Battalion, and Company "F," Third Battalion, will attend the Special Camp of Instruction established at Tampa, May 12, 1898.

II. Each company will report to the commander of the camp immediately upon arrival.

III. Major W. F. Williams, Third Battalion, F. S. T., is assigned to the command of the Special Camp of Instruction, and will publish the necessary orders for the routine of camp duties, and designate officers to act as Camp Adjutant and Quartermaster. Col. Henry Bacon, Surgeon-General of Florida, is assigned to duty as Surgeon of the camp.

IV. Commanding officers of battalions and companies will be held accountable for the conduct and safety of their men while en route to and from camp, and the senior officer, present at all times during the journey, will adopt such measures as he deems necessary to insure the proper conduct of the troops. Nothing shall relieve the senior officer present from direct responsibility for the proper discharge of this duty.

V. Commanders of companies will be required to present their muster and inspection rolls, and property return, with company books and vouchers. The inspection rolls will show the re-enlistments and discharges since last Annual Encampment under proper heading. In all companies, where physical examinations have been held by properly appointed surgeon, results of such examination will be tabulated and presented with other records.

VI. The sale of all intoxicating drinks or liquors on the camp ground, or in close proximity thereto, is strictly prohibited.

By command of the Governor and Commander-in-Chief.

PATRICK HOUSTON,
Adjutant-General.

By the 12th of May all the 20 companies were camped at the camp at Tampa, which had been selected and prepared by Colonel J. B. Anderson, the Inspector-General of the State. By the 14th of May the 12 companies selected were ready to be mustered into the service of the United States, but owing to a delay on the part of the Surgeon, the physical examination did not begin until the 17th. On the 23d the ceremonies of muster-in were completed and the First Regiment of Florida Volunteers, numbering 1,001, were accepted into the service of the United States, a regiment as brave and patriotic as ever enlisted under their country's banner. The twelve companies who were the fortunate ones to be mustered in are as follows:

The Second Battalion, commanded by Major C. P. Lovell, consisting of—

The Ocala Rifles, Company "A," Captain R. E. Davidson.

The Leesburg Rifles, Company "B," Capt. G. E. Lovell.

The Shine Guards, Company "C," Capt. J. N. Bradshaw.

The Gem City Guards, Company "D," Capt. W. M. Husson.

Of the First Battalion, Major J. W. Sackett—

The Jacksonville Light Infantry, Company "A," Capt. J. S. Maxwell.

The Jacksonville Rifles, Company "C," Capt. J. Y. Wilson.

The St. Augustine Rifles, Company "D," Capt. A. F. Howatt.

Of the Third Battalion, Major W. F. Williams—

The Escambia Rifles, Company "A," Capt. R. M. Bushnell.

The Chipley Light Infantry, Company "B," Capt. R. M. Carey.

The Gadsden Guards, Company "D," Capt. S. F. Williamson.

Of the Fourth Battalion, Major I. E. Webster—

The Suwannee Rifles, Company "A," Capt. W. L. Tedder.

The Bradford Guards, Company "B," Capt. E. S. Mathews.

The Ordnance and Quartermaster's stores that were turned in to the United States Army with the regiment will be found in the following table. The Chief of Ordnance of the United States has been authorized by Congress to return a like quantity of ordnance stores as were turned in with the regiment upon your Excellency's requisition. There has been no such provision made however, for the return of tentage and other quartermaster stores.

NAVAL MILITIA.

In accordance with a request from the Secretary of the Navy, the following orders were issued to the Naval Militia:

ADJUTANT-GENERAL'S OFFICE,
TALLAHASSEE, FLA., April 18, 1898. }

Naval Militia, }
General Orders No. 6. }

In accordance with instructions from the Assistant Secretary of the Navy, dated Washington, D. C., April 15th, 1898, officers and men of the First Battalion, Florida Naval Militia, are hereby ordered to receive and obey instructions direct from Capt. C. S. Goodrich, United States Navy, or the United States Naval Officer appointed as Superintendent of the Coast Signal Service upon the declaration of war, and they will act

upon such instructions as if they had come through the usual official channels.

By order of the Governor, Commander-in-Chief.

PATRICK HOUSTON,
Adjutant-General.

In compliance with these orders, four officers and thirty-five men served in the Coast Signal Service at different points along the coast of our State. Subsequently to this the Lieutenant Commander of the United States Navy was ordered to examine the officers and men of the Naval Militia preparatory to their enlistment in the Auxiliary Navy. As a result of the examination, two officers and fifty-eight men served on Auxiliary Naval Force Vessels.

COAST GUARDS.

When the war with Spain was declared, the citizens living on the sea coast of our State fearing, on account of their proximity to Cuba, that an attack might be made by some marauding parties of the enemy, and knowing their isolated and exposed position, appealed to your Excellency to furnish them with rifles and ball cartridges, and to be allowed to organize coast guard companies.

Upon a representation of the facts of this situation, to the Secretary of War, your requisition for 2,000 rifles and 500,000 ball cartridges were honored and these stores were shipped to Tallahassee, to be distributed at different points on the Atlantic and Gulf Coasts upon the organization of Coast Guard Companies and the receipt from each of a bond for the safe return of the ordnance and ordnance stores turned over to them. Seventeen companies for coast defence were organized and supplied with arms and ammunition for the protection of the citizens. Of the whole number of stores issued all have been returned, except one rifle, three cartridge belts and two bayonets. For the recovery of these missing articles or the value thereof, the District Attorney has been requested to bring suit against the bondsmen.

WAR CLAIMS.

Florida, in aiding the United States in raising, mobilizing, uniforming, equipping and subsisting the volunteer forces from this State for national service, advanced money to the amount of more than \$7,000, which amount will be refunded in accordance with provisions made by the last Congress. Claims for \$6,974.34 have been sent to the Auditor of the U. S. Treasury, and there is still another claim for several hundred dollars,

which will be sent on in a few days, as soon as the necessary data are obtained from the different Company Commanders of the 1st Regiment Volunteers. These latter claims are made in consequence of a very recent act of Congress. When these claims are paid and turned into the treasury of the State, the whole expense incurred in mobilizing and subsisting the regiment will fall below the sum of \$5,000. This does not include the amount due the railroads for transportation.

CONCLUSION.

It seems to be the general desire of the State Troops to have the laws amended so as to allow of a regimental formation and, I hope, this matter will be brought to the attention of the present Legislature.

The present allowance of \$12.50 a quarter for keeping the arms and armories in good condition is inadequate, and should be increased to \$25, which would necessitate an additional appropriation of only \$1,300 annually. The armories furnished by several counties are not in accordance with the requirements of the law. It would be well to have this matter brought to the attention of the County Commissioners, with a hope that they will order improvements. Nearly all the companies require new uniforms. The amount of the congressional appropriations for 1898-99 should be applied to the purchase of uniforms and will probably be sufficient for this purpose.

My acknowledgments are due to the Staff for the many courtesies received, and for the prompt and soldierly performance of all duties assigned to them.

In closing this report I desire to assure you that I appreciate the deep interest and careful consideration that you have exercised in all matters pertaining to the interests of the State Troops and Naval Militia. For your advice and assistance given me in administering the affairs of this department, I am grateful.

PATRICK HOUSTOUN,
Adjutant-General.

APPENDIX.

Organized Volunteer Militia.

ROSTER OF COMMISSIONED OFFICERS, FLORIDA STATE TROOPS, WITH DATE OF RANK.

Commander-in-Chief,
Governor W. D. BLOXHAM.

Major-General PATRICK HOUSTON,
Adjutant-General, Tallahassee.

ON THE GENERAL STAFF.

Colonel Henry Bacon, Surgeon-General, Jacksonville.

Colonel Frank Philips, Quartermaster-General, Marianna.

Annual Return

Of the organized and uniformed militia of the State of Florida,
known as the Florida State Troops, and their condition for
the year ending December 31, 1897:

Adjutant-General	1
Governor's Staff	9
Majors	5
Captains	22
1st Lieutenants	37
2d Lieutenants	22
Total commissioned	96
Non-Commissioned Officers	206
Privates	770
Total enlisting strength	976
Aggregate	7,072

These companies are all in excellent condition and well supplied with all the necessary equipage.

The number of men in the State available for military duty unorganized (estimated in the absence of enrollment) 70,000

There is no return of the organized militia for the year 1898, from the fact that the twelve companies that were in the service of the United States have not had time to re-organize before the expiration of the year.
